

Managing with Big Brother:

How to thrive and survive in the era of increasing regulation and transparency.

The business environment has changed substantially over the last decade, and particularly since the onset of the financial crisis. Boards have a strong focus on Governance. New regulations and legislation across a variety of industries are increasingly dictating how organizations operate. These new rules are changing the roles and dynamics of boards and executive teams, and by extension, the employee and customer experience.

Join us for a lively discussion on the implications of this new era, strategies for adapting, and how some leading companies are responding.

Moderator:

Don McCreesh, President, The Garnet Group

Panel:

Helen Sinclair, CEO, BankWorks

Warren Bell, EVP & CHRO, OMERS

Cheryl Craven, VP HR, Hospital for Sick Children

Jonathan Daniels, VP Regulatory Law, Bell Canada
